Included in the above appropriations for house and senate expenses are funds for a legislative business per diem allowance, meals, and other usual and customary expenses associated with legislative affairs. Except as provided below, this allowance is to be paid to each member of the general assembly for every day, including Sundays, during which the general assembly is convened in regular or special session, commencing with the day the session is officially convened and concluding with the day the session is adjourned sine die. However, after five (5) consecutive days of recess, the legislative business per diem allowance is to be made on an individual voucher basis until the recess concludes.

49

Members of the general assembly are entitled, when authorized by the speaker of the house or the president pro tempore of the senate, to the legislative business per

diem allowance for each and every day engaged in official business.

The legislative business per diem allowance that each member of the general assembly is entitled to receive equals the maximum daily amount allowable to employees of the executive branch of the federal government for subsistence expenses while away from home in travel status in the Indianapolis area. The legislative business per diem changes each time there is a change in that maximum daily amount.

In addition to the legislative business per diem allowance, each member of the general assembly shall receive the mileage allowance in an amount equal to the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service for each mile necessarily traveled from the member's usual place of residence to the state capitol. However, if the member traveled by a means other than by motor vehicle, and the member's usual place of residence is more than one hundred (100) miles from the state capitol, the member is entitled to reimbursement in an amount equal to the lowest air travel cost incurred in traveling from the usual place of residence to the state capitol. During the period the general assembly is convened in regular or special session, the mileage allowance shall be limited to one (1) round trip each week per member.

Any member of the general assembly who is appointed, by the governor, speaker of the house, president or president pro tempore of the senate, house or senate minority floor leader, or Indiana legislative council to serve on any research, study, or survey committee or commission, or who attends any meetings authorized or convened under the auspices of the Indiana legislative council, including pre-session conferences and federal-state relations conferences, is entitled, when authorized by the legislative council, to receive the legislative business per diem allowance for each day in actual attendance and is also entitled to a mileage allowance, at the rate specified above, for each mile necessarily traveled from the member's usual place of residence to the state capitol, or other in-state site of the committee, commission, or conference. The per diem allowance and the mileage allowance permitted under this paragraph shall be paid from the legislative council appropriation for legislator and lay member travel unless the member is attending an out-of-state meeting, as authorized by the speaker of the house of representatives or the president pro tempore of the senate, in which case the member is entitled to receive: (1) the legislative business per diem allowance for each day the member is engaged

in approved out-of-state travel; and (2) reimbursement for traveling exp

(2) reimbursement for traveling expenses actually incurred in connection with the member's duties, as provided in the state travel policies and procedures established by the legislative council.

Notwithstanding the provisions of this or any other statute, the legislative council may adopt, by resolution, travel policies and procedures that apply only to members of the general assembly or to the staffs of the house of representatives, senate, and legislative services agency, or both members and staffs. The legislative council may apply these travel policies and procedures to lay members serving on research, study, or survey committees or commissions that are under the jurisdiction of the legislative council. Notwithstanding any other law, rule, or policy, the state travel policies and procedures established by the Indiana department of administration and

approved by the budget agency do not apply to members of the general assembly, to the staffs of the house of representatives, senate, or legislative services agency, or to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council (if the legislative council applies its travel policies and procedures to lay members under the authority of this SECTION), except that, until the legislative council adopts travel policies and procedures, the state travel policies and procedures established by the Indiana department of administration and approved by the budget agency apply to members of the general assembly, to the staffs of the house of representatives, senate, and legislative services agency, and to lay members serving on research, study, or survey committees or commissions under the jurisdiction of the legislative council. The executive director of the legislative services agency is responsible for the administration of travel policies and procedures adopted by the legislative council. The auditor of state shall approve and process claims for reimbursement of travel related expenses under this paragraph based upon the written affirmation of the speaker of the house of representatives, the president pro tempore of the senate, or the executive director of the legislative services agency that those claims comply with the travel policies and procedures adopted by the legislative council. If the funds appropriated for the house and senate expenses and legislative salaries are insufficient to pay all the necessary expenses incurred, including the cost of printing the journals of the house and senate, there is appropriated such further sums as may be necessary to pay such expenses.

A final report concerning the total reduction in state expenditures must be filed with the general assembly in an electronic format under IC 5-14-6 and the budget agency before August 1, 2010. The budget agency shall, on a monthly basis, transfer the amount of the reduction in state expenditures, as determined by the office of Medicaid policy and planning, from the general fund to the Medicaid contingency and reserve account established under IC4-12-1-15.5.

After June 30, 2009, the reimbursement rate for Medicaid providers may not be less than the reimbursement rate in effect on January 1, 2009. In the case of the payment of health facility Medicaid providers, Medicaid reimbursement may not be less than a reimbursement rate based on the case mix reimbursement policies in effect on January 1, 2009. The Indiana Family and Social Services Administration, Office of Medicaid Policy and Planning may not implement a five percent (5%) reduction or a reduction at any other percentage of the type described in the document entitled "Notice of Changes in Methods and Standards for Medicaid Payment for Institutional Providers" as published in the Indiana Register (Document Identification Number 20081224-IR-405080943NRA).

The following allocations of federal funds are available for vocational and technical education under the Carl D. Perkins Vocational and Technical Education Act of 1998 (20 U.S.C. 2301, et seq. for Vocational and Technical Education) (20 U.S.C. 2371 for Tech Prep Education). These funds shall be received by the department of workforce development, commission on vocational and technical education, and shall be allocated by the budget agency after consultation with the commission on vocational and technical education, the department of education, the commission for higher education, and the department of correction. Funds shall be allocated to these agencies in accordance with the allocations specified below:

STATE PROGRAMS AND LEADERSHIP 2,557,290 SECONDARY VOCATIONAL PROGRAMS 14,318,661 POSTSECONDARY VOCATIONAL PROGRAMS 8,202,039

TECHNOLOGY - PREPARATION EDUCATION 2,463,650

SECTION 12. [EFFECTIVE JULY 1, 2009]

In accordance with IC 22-4.1-13, the budget agency, with the advice of the commission on vocational and technical education and the budget committee, may augment or reduce an allocation of federal funds made under SECTION 11 of this act.

SECTION 13. [EFFECTIVE JULY 1, 2009]

Utility bills for the month of June, travel claims covering the period June 16 to June 30, payroll for the period of the last half of June, any interdepartmental bills for supplies or services for the month of June, and any other miscellaneous expenses incurred during the period June 16 to June 30 shall be charged to the appropriation for the succeeding year. No interdepartmental bill shall be recorded as a refund of expenditure to any current year allotment account for supplies or services rendered or delivered at any time during the preceding June period.

SECTION 14. [EFFECTIVE JULY 1, 2009]

The budget agency, under IC 4-10-11, IC 4-12-1-13, and IC 4-13-1, in cooperation with the Indiana department of administration, may fix the amount of reimbursement for traveling expenses (other than transportation) for travel within the limits of Indiana. This amount may not exceed actual lodging and miscellaneous expenses incurred. A person in travel status, as defined by the state travel policies and procedures established by the Indiana department of administration and the budget agency, is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service.

All appropriations provided by this act or any other statute, for traveling and hotel expenses for any department, officer, agent, employee, person, trustee, or commissioner,

are to be used only for travel within the state of Indiana, unless those expenses

are incurred in traveling outside the state of Indiana on trips that previously have received approval as required by the state travel policies and procedures established by the Indiana department of administration and the budget agency. With the required approval, a reimbursement for out-of-state travel expenses may be granted in an amount not to exceed actual lodging and miscellaneous expenses incurred. A person in travel status is entitled to a meal allowance not to exceed during any twenty-four (24) hour period the standard meal allowances established by the federal Internal Revenue Service for properly approved travel within the continental United States and a minimum of \$50 during any twenty-four (24) hour period for properly approved travel outside the continental United States. However, while traveling in Japan, the minimum meal allowance shall not be less than \$90 for any twenty-four (24) hour period. While traveling in Korea and Taiwan, the minimum meal allowance shall not be less than \$85 for any twenty-four (24) hour period. While traveling in Singapore, China, Great Britain, Germany, the Netherlands, and France, the minimum meal allowance shall not be less than \$65 for any twenty-four (24) hour period.

In the case of the state supported institutions of postsecondary education, approval for out-of-state travel may be given by the chief executive officer of the institution, or the chief executive officer's authorized designee, for the chief executive officer's respective personnel.

Before reimbursing overnight travel expenses, the auditor of state shall require documentation as prescribed in the state travel policies and procedures established by the Indiana department of administration and the budget agency. No appropriation from any fund may be construed as authorizing the payment of any sum in excess of the standard mileage rates for personally owned transportation equipment established by the federal Internal Revenue Service when used in the discharge of state business. The Indiana department of administration and the budget agency may adopt policies and procedures relative to the reimbursement of travel and moving expenses of new state employees and the reimbursement of travel expenses of prospective employees who are invited to interview with the state.

SECTION 15. [EFFECTIVE JULY 1, 2009]

Notwithstanding IC 4-10-11-2.1, the salary per diem of members of boards, commissions, and councils who are entitled to a salary per diem is \$50 per day. However, members of boards, commissions, or councils who receive an annual or a monthly salary paid by the state are not entitled to the salary per diem provided in IC 4-10-11-2.1.

SECTION 16. [EFFECTIVE JULY 1, 2009]

No payment for personal services shall be made by the auditor of state unless the payment has been approved by the budget agency or the designee of the budget agency.

SECTION 17. [EFFECTIVE JULY 1, 2009]

No warrant for operating expenses, capital outlay, or fixed charges shall be issued to any department or an institution unless the receipts of the department or institution have been deposited into the state treasury for the month. However, if a department

or an institution has more than \$10,000 in daily receipts, the receipts shall be deposited into the state treasury daily.

SECTION 18. [EFFECTIVE JULY 1, 2009]

In case of loss by fire or any other cause involving any state institution or department, the proceeds derived from the settlement of any claim for the loss shall be deposited in the state treasury, and the amount deposited is hereby reappropriated to the institution or department for the purpose of replacing the loss. If it is determined that the loss shall not be replaced, any funds received from the settlement of a claim shall be deposited into the general fund.

SECTION 19. [EFFECTIVE JULY 1, 2009]

If an agency has computer equipment in excess of the needs of that agency, then the excess computer equipment may be sold under the provisions of surplus property sales, and the proceeds of the sale or sales shall be deposited in the state treasury. The amount so deposited is hereby reappropriated to that agency for other operating expenses of the then current year, if approved by the director of the budget agency.

SECTION 20. [EFFECTIVE JULY 1, 2009]

If any state penal or benevolent institution other than the Indiana state prison, Pendleton correctional facility, or Putnamville correctional facility shall, in the operation of its farms, produce products or commodities in excess of the needs of the institution, the surplus may be sold through the division of industries and farms, the director of the supply division of the Indiana department of administration, or both. The proceeds of any such sale or sales shall be deposited in the state treasury. The amount deposited is hereby reappropriated to the institution for expenses of the then current year if approved by the director of the budget agency. The exchange between state penal and benevolent institutions of livestock for breeding purposes only is hereby authorized at valuations agreed upon between the superintendents or wardens of the institutions. Capital outlay expenditures may be made from the institutional industries and farms revolving fund if approved by the budget agency and the governor.

SECTION 21. [EFFECTIVE JULY 1, 2009]

This act does not authorize any rehabilitation and repairs to any state buildings, nor does it allow that any obligations be incurred for lands and structures, without the prior approval of the budget director or the director's designee. This SECTION does not apply to contracts for the state universities supported in whole or in part by state funds.

SECTION 22. [EFFECTIVE JULY 1, 2009]

If an agency has an annual appropriation fixed by law, and if the agency also receives an appropriation in this act for the same function or program, the appropriation in this act supersedes any other appropriations and is the total appropriation for the agency for that program or function.

SECTION 23. [EFFECTIVE JULY 1, 2009]

4

The balance of any appropriation or funds heretofore placed or remaining to the credit of any division of the state of Indiana, and any appropriation or funds provided in this act placed to the credit of any division of the state of Indiana, the powers, duties, and functions whereof are assigned and transferred to any department for salaries, maintenance, operation, construction, or other expenses in the exercise of such powers, duties, and functions, shall be transferred to the credit of the department to which such assignment and transfer is made, and the same shall be available for the objects and purposes for which appropriated originally.

SECTION 24. [EFFECTIVE JULY 1, 2009]

The director of the division of procurement of the Indiana department of administration, or any other person or agency authorized to make purchases of equipment, shall not honor any requisition for the purchase of an automobile that is to be paid for from any appropriation made by this act or any other act, unless the following facts are shown to the satisfaction of the commissioner of the Indiana department of administration or the commissioner's designee:

- 21 (1) In the case of an elected state officer, it shall be shown that the duties of 22 the office require driving about the state of Indiana in the performance of official 23 duty.
 - (2) In the case of department or commission heads, it shall be shown that the statutory duties imposed in the discharge of the office require traveling a greater distance than one thousand (1,000) miles each month or that they are subject to official duty call at all times.
 - (3) In the case of employees, it shall be shown that the major portion of the duties assigned to the employee require travel on state business in excess of one thousand (1,000) miles each month, or that the vehicle is identified by the agency as an integral part of the job assignment.

In computing the number of miles required to be driven by a department head or an employee, the distance between the individual's home and office or designated official station is not to be considered as a part of the total. Department heads shall annually submit justification for the continued assignment of each vehicle in their department, which shall be reviewed by the commissioner of the Indiana department of administration, or the commissioner's designee. There shall be an insignia permanently affixed on each side of all state owned cars, designating the cars as being state owned. However, this requirement does not apply to state owned cars driven by elected state officials or to cases where the commissioner of the Indiana department of administration or the commissioner's designee determines that affixing insignia on state owned cars would hinder or handicap the persons driving the cars in the performance of their official duties.

SECTION 25. [EFFECTIVE JULY 1, 2009]

When budget agency approval or review is required under this act, the budget agency may refer to the budget committee any budgetary or fiscal matter for an advisory

1 recommendation. The budget committee may hold hearings and take any actions authorized 2 by IC 4-12-1-11, and may make an advisory recommendation to the budget agency. 3 4 **SECTION 26. [EFFECTIVE JULY 1, 2009]** 5 6 The governor of the state of Indiana is solely authorized to accept on behalf of 7 the state any and all federal funds available to the state of Indiana. Federal funds 8 received under this SECTION are appropriated for purposes specified by the federal government, subject to allotment by the budget agency. The provisions of this SECTION 10 and all other SECTIONS concerning the acceptance, disbursement, review, and approval 11 of any grant, loan, or gift made by the federal government or any other source to 12 the state or its agencies and political subdivisions shall apply, notwithstanding 13 any other law. Federal funds from Indiana's apportionment of grants provided to the 14 states under the federal American Recovery and Reinvestment Act of 2009 or another 15 federal economic stimulus law enacted in 2009 may not be allotted or spent without review of the expenditure by the legislative council. 16 17 18 **SECTION 27. [EFFECTIVE JULY 1, 2009]** 19 20 Federal funds received as revenue by a state agency or department are not available 21 to the agency or department for expenditure until allotment has been made by the 22 budget agency under IC 4-12-1-12(d). 23 24 **SECTION 28. [EFFECTIVE JULY 1, 2009]** 25 26 A contract or an agreement for personal services or other services may not be entered 27 into by any agency or department of state government without the approval of the 28 budget agency or the designee of the budget director. 29 **SECTION 29. [EFFECTIVE JULY 1, 2009] 30** 31 32 Except in those cases where a specific appropriation has been made to cover the payments 33 for any of the following, the auditor of state shall transfer, from the personal 34 services appropriations for each of the various agencies and departments, necessary 35 payments for Social Security, public employees' retirement, health insurance, life **36** insurance, and any other similar payments directed by the budget agency. 37 38 **SECTION 30. [EFFECTIVE JULY 1, 2009] 39** 40 Subject to SECTION 25 of this act as it relates to the budget committee, the budget 41 agency with the approval of the governor may withhold allotments of any or all appropriations 42 contained in this act for the 2009-2011 biennium, if it is considered necessary to 43 do so in order to prevent a deficit financial situation. 44 45 **SECTION 31. The budget agency may employ one (1) or more architects or engineers to inspect construction, rehabilitation, and repair projects covered by the appropriations in this act or previous acts.

SECTION 33. [EFFECTIVE JULY 1, 2009]

If any part of a construction or rehabilitation and repair appropriation made by this act or any previous acts has not been allotted or encumbered before the expiration of two (2) biennia, the budget agency may determine that the balance of the appropriation is not available for allotment. The appropriation may be terminated, and the balance may revert to the fund from which the original appropriation was made.

SECTION 34. [EFFECTIVE UPON PASSAGE]

The budget agency may retain balances in the mental health fund at the end of any fiscal year to ensure there are sufficient funds to meet the service needs of the developmentally disabled and the mentally ill in any year.

49 SECTION 35. [EFFECTIVE JULY 1, 2009]

Notwithstanding IC 4-10-18, the budget agency shall transfer one hundred million dollars (\$100,000,000) from the counter-cyclical revenue and economic stabilization fund to the general fund after June 30, 2009, and before July 1, 2010, for the purposes of the general fund. If the budget director determines at any time during the biennium that the executive branch of state government cannot meet its statutory obligations due to insufficient funds in the general fund, then notwithstanding IC 4-10-18, the budget agency, with the approval of the governor and after review by the budget committee, may transfer from the counter-cyclical revenue and economic stabilization fund to the general fund any additional amount necessary to maintain a positive balance in the general fund.
